תקציר:

The story centers on Misery Lark, the outcast daughter of the most powerful Vampyre councilman in the Southwest. Her life among humans is interrupted when she is forced into a marriage of convenience with Lowe Moreland, the Alpha of a powerful Werewolf pack, as part of a historic peacekeeping alliance between their warring species. The Weres are known for being ruthless and unpredictable, and Lowe appears to be no exception, immediately distrusting Misery. However, Misery has her own secret agenda: she agrees to the marriage not for politics, but to investigate the disappearance of her best friend, Serena, the only clue to which leads to Were territory. As Misery navigates life in the hostile Were territory, she discovers layers to Lowe's character beyond the formidable Alpha persona, including his sense of justice and compassion. Together, they uncover a conspiracy involving political machinations, hybrid identities, and betrayals that threaten not only their fragile alliance but also the peace between all species
